

The Difference is Digi-Clear.

Your window of opportunity is wide open with Digi-Clear® envelopes from Western States Envelope & Label. That's because this line of window envelopes lets you print small runs in-house and on demand adding more to your bottom line:

- Delivers unmatched quality for short runs on all digital four-color laser/toner-based equipment.
- No wrinkling under higher temperatures, stays clear without shrinkage, wrinkling or distortion.
- Readability and scanability of addresses and bar codes is better than any other existing window film in the marketplace.
- Our recently expanded line is now available in more sizes and styles. Digi-Clear® can also be custom-manufactured to meet any application.

The choice is clear.
Digi-Clear®.
