

Get Real Results for Your Customers. Get Interactive Envelopes.

Mailing envelopes that don't tear, feel, peel, or reveal will do one thing - go unopened more often. Use products in our Interactive Envelopes line to engage recipients to improve open rates and sales opportunities with your customers.

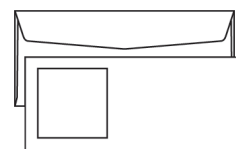

- **Augmented Reality (AR)** brings envelopes to 3D-life before a recipient's eyes.
- **Black Wove** adds a mysteriously dark look and feel that distinctively stands out in a mail stack.
- **Clear Poly** is made of 100% polypropylene to add a durable, see-through advantage to any mailings or marketing materials.
- **Coatings and finishes** like velvety Soft Touch or Western Groove™ give envelopes an irresistible feel that boosts profitability.
- **Reusable Envelopes** are revolutionary products that save money and resources.
- **Peel 'n View®** features a sturdy, peel-off reminder note and a "surprise" window to reveal special messages/offers.
- **Tear-ific®** is an environmentally sustainable solution that opens with a tear instead of a letter opener.

Peel 'n View®

Peel 'n View is a highly engaging direct mail envelope. It's unique benefits include a self-stick removable reminder note that can be placed on any surface, and a hidden "surprise" window under the note that shows your personalized message and encourages opening the envelope.
